

JURY OF FOURTEEN
TO TRY DURRANTTWO SUBSTITUTES IN CASE
OF SICKNESS.

New California Law Put in Practice in the Case—Clark Proves a Poor Witness—Kentuckians Want To Lynch the Shooters of Colonel Rodenbaugh.

San Francisco, Aug. 7.—The Durrant murder trial begins with fourteen jurors, two to act as alternates in the case of sickness of the regular jurors. This is according to the new state law.

Boston, Mass., Aug. 7.—Charles H. Clark, the missing witness in the Durrant murder case now on trial in San Francisco, was interviewed last night prior to his departure for the west. He emphatically declared that he knew absolutely nothing that had any bearing on the murders or the man suspected, and declared that because of a casual remark he had made the lawyers for the defense had sought to stay proceedings through the use of time.

SEEK A KENTUCKIANS LIFE.

Lynching Narrowly Averted—Friends of the Rodenbaughs Want Blood

Lexington, Ky., Aug. 7.—The would-be lynchers of William Newton Lane, the young supporter of Col. Breckinridge, who killed Jim Rodenbaugh and mortally wounded his father, the well-known turfman, Col. H. C. Rodenbaugh, at Versailles Monday, were thwarted yesterday afternoon. After four or five hours' investigation the coroner's jury of Woodford county brought in a verdict that James Rodenbaugh came to his death at the hands of William N. Lane without just cause.

As soon as County Judge Parrish learned of the verdict he issued an order to the sheriff to immediately take Lane to the Fayette county jail in Lexington for safe keeping. In his order to the sheriff the judge states that there was imminent danger of Lane being rescued from the Woodford county jail by violence, and in order to prevent said violence the transfer was made. Two deputy sheriffs brought Lane to Lexington by a circuitous route, thus preventing the friends of the Rodenbaughs from overhauling them on the way and lynching Lane.

The people of three cities are greatly excited over the tragedy and had Lane been allowed to remain in the Woodford county jail over night men from Nicholasville, Lexington and Versailles would have participated in his lynching. On his arrival here he was met at the jail by his brother, and the slayer of two men almost broke down. Further than to say that he was very sorry the trouble occurred he would make no statement.

Col. Rodenbaugh is still alive, with no possible chance for his recovery. The body of his son was placed in a vault to await the death of the father, when both will be buried in the Nicholasville cemetery.

WOMEN IN A RIOT.

Serious Row About a Fence in Marinette, Wis.

Marinette, Wis., Aug. 7.—A riot broke out yesterday in Shantytown, the land which is claimed by the Menominee River Lumber company and over two hundred squatters. The lumber company built a fence, and thirty or forty women attacked it with axes, tore it down and then threw the fragments in Green bay. When another crew attempted to rebuild the fence the women chased them away with clubs, and John Lundberg, the foreman, was seriously hurt. The men have decided to help the women fight it out, and they now stand ready to drive the first man off who trespasses on their legal rights.

Deputy Sheriff Murdered.

Memphis, Tenn., Aug. 7.—Deputy Sheriff Alfred Werner of Crittendon county, Ark., was shot and killed near James Landing by a negro whose name has not yet been learned. Werner, who is a deputy sheriff, went to the negro's house with two other men to arrest him. The negro was lying in ambush near by and when the posse appeared he fired on them, killing Werner, and then fled to the swamp. A party of citizens is hunting for him.

Fatal Duel with Jacklives.

Little Rock, Ark., Aug. 7.—Joe Hamilton and Clarence Chapman of Lonoke county, Ark., cut each other to death yesterday with pocket-knives because they could not agree which owned a bull yearling. The fight lasted fully fifteen minutes, both men standing up and jabbing until life was almost extinct.

Cousins in a Fatal Duel.

Knoxville, Tenn., Aug. 7.—John Greer and Henry Greer, cousins, of Carter county, fought over the ill-treatment of the latter's child. Butcher knives were used by both. Henry is dead and John dying.

Can Not Exterminate the Thistle.

Lincoln, Neb., Aug. 7.—The present law in Nebraska providing for the extermination of the Russian thistle is proving a hardship to some of the counties, where the rapid growth of the weed virtually defies extermination. Reports from Cheyenne and other counties are that efforts toward extermination have practically been abandoned, as a strict compliance with the provisions of the law would mean bankruptcy to the counties.

President Will Start the Exposition.

Buzzard's Bay, Mass., Aug. 7.—Ex-Gov. Bullock of Georgia, called at Gray Gables last night to make arrangements for starting of the wheels of the Atlanta Exposition Sept. 18. The president agreed to press the electric button which will start the machinery in motion, but would do it either at Gray Gables or wherever he might be on that day.

NEGROES DRIVEN OUT OF MINES

Spring Valley Italians Make Good Their Threat.

Spring Valley, Ill., Aug. 7.—Five o'clock last evening was the time set for driving the remaining negroes in Spring Valley out of the city, and as an attempt was made to carry out the resolution adopted at the mass-meeting of Italians many outrages occurred. Women, with three and four children running after them, were driven over the hills and through the woods, many shots being fired after them as they fled. Families have been separated, and fathers, who were driven out in the bloody assaults of Sunday, have not been located since. During the afternoon, while the looting of the homes of the negroes was going on, Martin Delmago, the Italian mayor, accompanied by several Italian members of the police force, drove out to the "location" as spectators of what was going on. The mayor said he was there to see that the negroes were not abused while they were taking their goods away, but he utterly failed in his purpose.

Gov. Altgeld telegraphed to Sheriff Clark, asking if he wanted assistance, but the sheriff said he was able to preserve order if called on to do so. He has not been appealed to.

The indications are that the strike of the miners will be continued for some time. The miners, who are under the control of the Italians, held a secret meeting yesterday, at which it was decided to remain out until the Spring Valley Coal company gave assurances that they will not in the future give employment to negroes. The coal company absolutely refused to do this. The rumor is current here that Gov. Altgeld will visit the city himself to inspect the situation personally before taking action in regard to calling out the state troops. In Princeton Sheriff Clark and his staff believe the only solution of the question, the one that will stop the reign of mob law, is for the governor to call out one or more companies of state militia, put the entire city of Spring Valley under military control, and then have a sufficient number of deputy sheriffs make the arrests of the violators of the law.

GOVERNOR MAKING INQUIRY.

Requests Full Particulars of the Riots at Spring Valley.

Springfield, Ill., Aug. 7.—Gov. Altgeld was in telegraphic correspondence yesterday with Chicago and Spring Valley concerning the reported bloody riots between negroes and Italians. The excitement over the matter seems to be exaggerated, according to the reports from the local authorities, and the governor has not yet seen fit to take any steps toward interference in the matter. Representative John C. Buckner of Chicago was in conference with the governor yesterday. He was here to learn what he could of the real state of affairs at Spring Valley and to entreat the governor's aid in preventing an uprising of the negro population. Gov. Altgeld said that he would take no action in the matter on the showing that had been made. Many telegrams were received by him during the day from colored citizens of Chicago and other points appealing for protection to the negro miners, and one from the Italian consul at Chicago, and to all of these Gov. Altgeld replied that the necessary protection would be given. The governor last night dispatched Col. Hugh E. Bayle, assistant adjutant-general, and George Schilling, secretary of the state bureau of labor statistics, to Spring Valley to thoroughly investigate the situation and report to him.

Peoria Colored Men Organize.

Peoria, Ill., Aug. 7.—The colored men of Peoria are organized, and it seems probable that a delegation of at least a score will go to Spring Valley, where they will tender their services to the sheriff to assist in the protection of the colored men against the Italians. An enthusiastic mass meeting was held and was largely attended, addresses being made by many of those assembled. All declared the riot an outrage and agreed that something should be done.

Excitement at Jacksonville.

Jacksonville, Ill., Aug. 7.—The floor of the sessions-room of the Illinois grand lodge of the United Order of Odd-Fellows, now assembled in this city, was the scene of a stormy debate yesterday. The delegates discussed the outrages in Spring Valley, and, though no positive steps were taken looking toward action, the general sentiment seemed to be in favor of sending armed aid to the negroes.

TAYLOR WAS IN CHICAGO.

Defaulting Treasurer Returns to South Dakota with Money.

Sioux City, Iowa, Aug. 7.—W. W. Taylor, defaulting treasurer, was in the city yesterday on his way from Chicago to Pierre. Taylor has been in Chicago the last three weeks. The purpose of his visit was to collect \$100,000, which, besides all his property, he will turn over to South Dakota. He said he had been entirely successful in his mission, and that the money was now in hand ready to be paid into the treasury. "I am going to Pierre to plead guilty and be sentenced," said Mr. Taylor, "and I am anxious to be serving it." The sentence will be passed Aug. 13. Taylor was accompanied by Charles T. McCoy, who had charge of the defaulting treasurer's business during the time of his flight from justice.

On His Wife's Grave.

Cleveland, Ohio, Aug. 6.—A. E. Kelley, a well-known commission dealer at 152 Sheriff street, went to Lakeview cemetery and, lying down on his wife's grave, shot himself through the heart, dying almost instantly. Mrs. Kelley died about a year ago and the husband has been despondent ever since. This fact, coupled with some business trouble, is supposed to have led to the suicide.

Bonanza Mine in Mexico.

Tepe, Mexico, Aug. 7.—The mine of the Mezquital Mining Company, south of here, is a bonanza, and there is much excitement in mining circles of that district. The vein of gold in this mine has been producing ore to the value of \$25,000.

MARSHALL ACCEPTS
HIS APPOINTMENTRECOGNIZES THE CALL FROM
THE PEOPLE.

Takes Up the Trust Fully Appreciating Its Demands, Its Burdens, Its Responsibilities and Its Honors—Resigns His Position on the Circuit Bench.

Madison, Aug. 7.—The acceptance by Judge Marshall of his appointment to the supreme bench was received at the executive office this morning. After noting the receipt of the appointment he says:

"In accordance with what I understand to be the wishes of the bar and of the people in the matter I shall accept the trust appreciating its demands, its burdens, its responsibilities and its honors."

His resignation as circuit judge of the eleventh circuit was received by the same mail.

Paid Firemen in Kaukauna.

Kaukauna, Aug. 7.—Strong opposition to the old fire department here has been created by its alleged incompetency. The agitation came to a head last evening. The common council passed a resolution ordering the company to disband, and at the same time passing an ordinance creating a new paid department.

New Receiver for a Bank.

Stevens Point, Aug. 7.—Judge Webb has appointed E. J. Pfiffer to act as receiver of the defunct Commercial bank in place of J. P. Malik, who resigned because of the dissatisfaction of some of the depositors.

Will Be Tried for Murder.

Berlin, August 7.—David Halford has been arrested on charge of murdering Albion Mottom July 23. His examination is set for August 12.

Innocent Man Shot.

Phoenix, A. T., Aug. 7.—Gus Tribolet has returned from Mexico bringing affidavits from a score of individuals to the effect that his brother Robert, who was shot by the Mexican authorities for complicity in the Nacosari stage robbery, was not in the vicinity at the time and moreover was an American citizen. Documents will be sent to the state department and a claim for redress against his brother's slayers pressed.

Destroying the Seals.

Seattle, Wash., Aug. 7.—News has reached this city from the Behring sea fleet that seal life in the sea is fast being destroyed by the vessels engaged in taking the seals outside the sixty-mile zone. In a short time there will be no seals to protect in American waters, it is said, unless some means can be reached to prohibit the seal-fishing by sea.

China Yields to England.

Shanghai, Aug. 7.—The British minister at Peking, Mr. O'Connor, has demanded that the Chinese government issue a decree ordering the capital punishment of the offenders, and that stringent orders be issued for the protection of all missionaries throughout China. The Chinese government has assented without a demur to the demands of the British minister.

Big Corn Crop in Kansas.

San Francisco, Aug. 7.—Warren G. Purdy, second vice president, secretary, and treasurer of the Chicago, Rock Island & Pacific railroad, says Kansas is going to have the greatest corn crop in her history as a state. He believes the yield will be somewhere between 250,000,000 and 300,000,000 bushels.

An Arizona Tragedy.

Prescott, Ariz., Aug. 7.—As a result of a row at Joseph Campbell's roadside station at Turkey Creek last night Ernest Arnez, a mining man, lies dead. Joseph Campbell, the station-keeper, is dying, and Edward Payne, a cowboy, has a bullet in his right leg.

FIRE NEAR HALIFAX
COSTS \$100,000

SEVENTY-FIVE BUILDINGS DESTROYED BY FLAMES.

Little Town of Spring Hill Severely Stricken—Dacatur Iron Works in Ashes—Show Struck by a Wind Storm—Only Two Shot by Pythians in Dayton.

Halifax, Aug. 7.—Seventy-five buildings burned at Spring Hill, N. S., last night. The loss is one hundred thousand dollars.

Show Struck by a Windstorm.

Oswego, N. Y., Aug. 7.—While Buffalo Bill's Wild West show was giving a performance yesterday a terrific rain and wind storm struck town. The east half of the canvas that covered the grandstand was blown down. Many women and children were trampled upon and badly hurt, but none will die.

Iron Works Burn.

Dacatur, Ill., Aug. 7.—Last night the Union Iron works, capital \$60,000, James Milliken, president, employing 100 men, was destroyed by fire. The loss is \$80,000, with insurance of \$23,000. Iron patterns worth \$50,000 were burned, but the wood patterns were saved. Business will be resumed in a few days.

Two Hurt by Pythians.

Dayton, O., Aug. 7.—Guy Schellenger, a 14-year-old lad, and William Emily, a private in company G, were the only ones injured by the firing of a cannon from a Knights of Pythias train Monday afternoon. Their injuries consist of slight burns about the face and both are recovering.

FREE-SILVER MEN WIN.

Missouri Democrats in Convention Declare for the White Metal.

Pertie Springs, Mo., Aug. 7.—Free silver has conquered in Missouri. The report of the committee on permanent organization which practically snuffs out the old committee, was adopted with but one or two dissenting votes; that of the resolution committee for free and unlimited coinage at 16 to 1, regardless of any foreign nation, was carried, and men were selected to nominate delegates favorable to silver to the national democratic convention in 1896. The convention was formally called to order at noon by J. H. Carroll, who introduced ex-Congressman Bland as temporary chairman. Mr. Bland said the democrats of Missouri had met to renew their pledges for bimetalism. "We have met," he said, "to declare for the free coinage of silver at a ratio of 16 to 1, and we will do what our constituents have sent us here to do." The convention convened promptly at 2 o'clock and the temporary organization was made permanent. Resolutions for an increase of the state central committee were read and adopted. The currency plank adopted is as follows:

R. P. BLAND.

Resolved, that we the democratic party of Missouri in convention assembled, demand the free and unlimited coinage of silver and gold into primary or redemption money at the ratio of 16 to 1, without waiting for the action or approval of any other nation; and

Resolved, that we are irrevocably opposed to the substitution for metallic money of a panic-breeding corporation credit currency based on a single metal, the supply of which is so limited that it can be cornered at any time by a few banking institutions in Europe and America.

Resolved, that we are opposed to the issuing of interest-bearing bonds of the United States in time of peace, and especially are we opposed to placing the treasury of the government under control of any syndicate of bankers and the issuance of bonds to be sold by them at an enormous profit for the purpose of supplying the federal treasury with gold to maintain the policy of gold monometallism."

Says the Defender Was Unfair.

Newport, R. I., Aug. 7.—Last evening, while every one was discussing the merits of the Defender and speculating on the improvement the new yacht would show when she would again meet the Vigilant later in the week, Mr. Willard, who is George Gould's representative and manager of the Vigilant, gave out a letter which at once shattered the well-laid plans of the yachtsmen and others interested in the race. It accused the managers of the Defender of unfairness and announced the withdrawal of the Vigilant from any further contests. Mr. Willard claims the Defender forced the Vigilant from advantageous positions at the start, and in that way won the two races from the latter boat.

Cloudburst Victims Found.

Florence, Cal., Aug. 7.—The bodies of five victims of last week's cloudburst near Adelaide have been recovered. Besides the three persons killed near that place, the body of John Kennedy, a track-walker, who was swept down by the flood and drowned, has been found. The remains of another man, who was found yesterday near McCourt station, is probably that of a laborer en route to Cripple Creek. A footman trying to make his way through the canon yesterday slipped into the creek and was

SPLIT AMONG MINERS' UNIONS

Dissatisfaction at Massillon, Ohio, Results in an Open Breach.

Massillon, O., Aug. 7.—The news that the miners of the Massillon district have voted to secede from the United Mine-Workers of America and to form an independent association will fall like a bombshell into the ranks of the national organization. After a protracted convention, attended by delegates representing 1,770 miners, this course was agreed upon last evening. The new organization includes the boundaries of the old subdivision. The old officers were re-elected and in addition thereto an executive board. The miners contend that the national organization has never cared for their interests and have not forgotten that Arbitrator Kuhn charged John McBride with failing to make up a strong case last fall. They argue that the McBride clique retains control of the national machine, and having set up the pins to perpetuate its power, can only be ousted by some such movement as this. The local leaders anticipate a general revolution, to be followed eventually by a new national organization founded on equality, honesty, and devotion to the cause.

STRIKE IN ALABAMA.

Employees of the Sloss Iron and Steel Company Dissatisfied.

Birmingham, Ala., Aug. 7.—Three hundred miners working for the Sloss Iron and Steel company at Brookside, Cardiff and Brazil went out on strike yesterday. Their grievances are that the company refuses to allow them check weighmen on the tipplers, and also that committees from miners have been discharged and a refusal has been made to reinstate. Other miners are expected to go out also until all the Sloss company's white miners have quit unless the company gives in. At Ensley City 150 colored hands employed at the furnaces went out on a strike last evening. They demand an advance of wages. Convicts were put in their places, and deputy sheriffs are doing guard duty about Ensley for fear of trouble.

Wages Advanced at Newark, Ohio.

Newark, O., Aug. 7.—The Kane Brothers, bridge builders, owing to improved conditions, have advanced the wages of their employees 10 per cent. The Newark machine works men are working eleven and one-half hours a day. The company is now working on a big shipment for Europe. The Baltimore & Ohio shops force is working longer hours and manufacturing interests throughout the city are brighter.

Michigan Copper Mine Resumes.

Calumet, Mich., Aug. 7.—The Copper Falls mine has resumed work. It is probable the Arnold and Copper Falls mines will be consolidated and work. This is the first idle mine to resume since the improvement in the copper situation and it is now the only active mine in Keweenaw county. There is a prospect that several other mines where operations are now suspended will resume with full force in the near future.

Will Make Peoria Headquarters.

Peoria, Ill., Aug. 7.—J. B. Samuel, secretary of the Peoria Improvement association, yesterday received official notification from W. V. Powell, grand chief of the Order of Railway Telegraphers, that the order had finally determined to remove its headquarters to this city and that it would be here about Sept. 1. Chief Powell will be here in a few days to complete the arrangements.

Coal Operators Hold a Meeting.

Terre Haute, Ind., Aug. 7.—The bituminous coal operators of the state held a prolonged meeting here last night. They say that 90 per cent of the tonnage of the state is represented, and that they will not concede the demand of the men for the 60 cents, but will hold out for 51 cents until October, when the advance is to be made.

Friends of Ireland to Meet.

Chicago, Aug. 7.—There will be a convention held here next month, which, the promoters expect, will have a far-reaching influence on the Irish race all over the world. The policy to be pursued in the future looking to the independence of Ireland will be there decided upon by 1,000 delegates coming from every spot on the globe where the widely scattered Irish people have found an abiding place. Every Irish society in the world that cares to take part in the movement will send a delegate. All have been invited to join in the greatest and most representative move made by the Irish in this generation, and those in charge of the arrangements say that the replies from foreign lands indicate that every quarter of the globe will be represented.

Texas Fever in Pennsylvania.

Huntingdon, Pa., Aug. 7.—A dangerous type of Texas fever has broken out among the cattle at Birmingham, this county, on the line of the Pennsylvania railroad. A drove of twelve belonging to Albert Grier of Birmingham became afflicted, and four have died, while the others can not recover. Dr. Patterson, an Altoona veterinary surgeon, unhesitatingly pronounced the disease Texas fever in a most dangerous form. Many cattle belonging to the near-by farmers are also affected, and several have died. The state board of agriculture has been notified.

Water Spout in New Mexico.

Albuquerque, N. M., Aug. 7.—A water-spout in Likeras canyon, twelve miles from this place, last night sent water down the canyon fifteen feet high. The torrent emptied into the Rio Grande six miles south of the city. Several houses in the canyon were washed away, while truck farms were completely submerged and ruined.

Ex-Secretary Endicott Seriously Ill.

Salem, Mass., Aug. 7.—Ex-Secretary of War Endicott is reported as being in feeble health at his home in Danvers. He is said to be suffering from serious mental trouble.

CHINESE BREAK UP
ANOTHER MISSIONCHE NING THE SCENE OF
FRESH OUTRAGES.

Property Destroyed and Houses Plundered—Terror Among the Foreign Population—Everything Shows the Ku-Cheng Massacre Was Deliberately Planned.

Foo Chow, Aug. 7.—Chinese soldiers report today that the mission in Che Ning has been broken into and plundered. This adds to the terror over the Ku Cheng affair. In an interview some of the survivors of the Ku-Cheng massacre declared that the outrage was carried on in the most terrible manner and that it was evidently a premeditated and carefully arranged attack, entirely unprovoked, made upon the occupants of the missionary station while they were asleep. The bodies of the victims were buried at Fu-Chow.

There are rumors of further riots at places near Fu-Chow and Ku-Cheng. This district includes the stations of the Church of England at Zenana, the American Methodist station at Fu-Kien, Fuhning, Layong, Ning-Tai-k, Hochang and Huihuwa.

Foo Chow, Aug. 7.—The position of the Europeans is critical, owing to the open hostility of the natives and native officials. If an outbreak occurs the native officials will be unable to cope with the mob. United States Consul Hixon here has wired the state department at Washington as follows: "American mission property" at Yun Fuh burned. Details of Ku-Cheng massacre horrible. Houses stealthily surrounded and sleeping ladies and children spared to death. Situation unsettled."

ATTACK SHEEPMEN.

Ranchmen in Wyoming Threaten to Wipe Out the Entire Flock.

Douglas, Wyo., Aug. 7.—Trouble has broken out afresh between ranchmen and sheepmen. Last season two bunches of sheep were escorted out of the mountain parks south of Douglas by sixty masked ranchmen and the herds were warned not to trespass again upon the range. The Platte Valley Sheep company sent a bunch into that territory last week. The foremen of the outfit reports six masked men rode into camp Sunday night, held up the herder, saturated the wagon and camp outfit with kerosene and burned it, shot a half dozen sheep, and rode off, telling the herder they would wipe out this entire flock if he did not get out of the park at once. The Platte Valley people have sent out arms and ammunition with several men and say they will stand their ground.

CRASH AT DENVER.

Rocky Mountain Savings Bank Closed—Assigned to E. M. Cranston.

Denver, Colo., Aug. 6.—The Rocky Mountain Savings Bank has closed its doors, an assignment being made to Earl M. Cranston. No statement of assets and liabilities has yet been made. Last week a demand was made upon the bank for \$25,000 county funds on deposit, and it was unable to make payment. This bank was closed during the panic in 1893, but was subsequently reopened, certificates being issued to depositors. The president is Frank Woodbury, son of R. W. Woodbury, president of the Union National Bank, which suspended last week, and the two institutions were intimately associated in business.

More Traces of Murder.

Chicago, Aug. 7.—Additional discoveries were made yesterday at Holme's castle, and a new feature brought to light was the finding of some clothing. Wedged into the plastering where a door sill was torn away was a woollen shirt, a little girl's dress, and a pair of shoes. They had been imbedded so long the fabric scarcely held together. No blood stains were visible, although a minute examination was made. The detectives continued their search, but nothing more was discovered.

Texas Silverites Not Harmonious.

Fort Worth, Texas, Aug. 7.—Some 500 delegates elected to the state "16 to 1" silver convention met here yesterday. After a declaration in favor of free and unlimited coinage at 16 to 1 Congressmen Yokum submitted for adoption a plank indorsing the administration of President Cleveland as democratic, wise and patriotic. This was hotly debated without decision until 9 o'clock. It is said that two reports will be made by the platform committee.

Miss Nicklin's Assailant Arrested.

Bloomington, Ill., Aug. 7.—A negro named Walter Johnson has been arrested charged with being the perpetrator of the assault upon Miss Nicklin Sunday night, from the effect of which she is now in a precarious condition. The excitement is still intense and it would take but little to arouse the people to make an attack upon the jail. It is learned that Johnson has for some time been in the habit of insulting women.

Italy Threatens Brazil.

Rio Janeiro, Aug. 7.—Signor Nobili, Italy's charge d'affaires in Rio de Janeiro, has presented to the Brazilian foreign office the final request of his government for a settlement of the claims against Brazil. The orders of Baron Blanc, Italian minister of foreign affairs, are peremptory, and if delay intervenes or equivocation is practiced diplomatic relations between the two countries will be severed at once.

Chicago Sends a Committee

Chicago, Aug. 7.—After three enthusiastic meetings of colored people here, F. R. Barnard, Hale G. Parker, John G. Jones, Earnest Hogan, and Harvey Thompson were appointed a committee to visit Spring Valley at the request of the mayor and city attorney of that city and investigate the condition of affairs.

MISS BOSWORTH NEAR BLOODY KU CHENG

A FORMER JANESVILLE GIRL WRITES OF THE RIOTS.

Uprising of Vegetarians Not Directed Against Missionaries, Primarily. But Against the Government—She Tells of Mr. Stewart, Who Since Has Been Killed.

Miss Bosworth, formerly of this city, and daughter of Presiding Elder R. W. Bosworth, is a Methodist missionary in Foo Chow. She is sixty miles from the scene of Vegetarian massacres, and writing under date of March 1 she says:

"A messenger is down from Ku Cheng tonight with news of trouble with the Vegetarians. These are a religious sect, similar to the Buddhists, and for some time have been in rebellion against the authorities. The messenger brought letters from Dr. Gregory, one to Professor Smyth and one to Consul Hixon. He says it is not an uprising against foreigners or against Christianity, but a civil affair pure and simple, so he does not fear for himself, only in case the rice supply should fail and the poor people attempt to extort help from them. The trouble has been brewing for some time and the Ku Cheng magistrate has several times sent down here for soldiers for the vicerey, but the latter has been keeping all his soldiers against time when the Japs should appear on the scene.

Starvation Brings a Fight.

"A few days ago, however, matters grew more serious, and placards were posted announcing the intention of the Vegetarians to kill the magistrate and destroy the Yamen. The magistrate ordered the city gates closed and the English people whose work is outside the wall, moved into the city and guards were stationed on the wall for the city's defense. The schools were closed and all work except that of the hospital is suspended. Dr. Gregory does not seem alarmed for himself, only that they are absolutely besieged by a foe they have not seen at all. If the rice supply fails the poorer class, who have nothing to lose, would break down the gates to get out, thus giving the Vegetarians a chance to get in. It is very certain that they are all around them and very desperate.

Church Schools Exposed.

"Word comes today that soldiers have started for Ku Cheng and Consul Hixon promises to use his influence, so we trust the trouble will soon be settled and without harm to our work, missionaries or property. The girls of our schools there have been sent out by twos and threes into native Christian homes until the troubles are over. Our school and chapel property is very near the Yamen, in the part of the city that would probably suffer most in the case of an uprising. This does not affect us here in Foo Chow, as the trouble is local."

Again, under the date of April 19, Miss Bosworth says: "Owing to the Vegetarian trouble, which just now is quiet, but may break out afresh at any time, the Ku Cheng ladies, English and ours, are all down here. Dr. Gregory and Mr. Stewart will come down quietly by the overland route, if there is serious trouble."

She Knew The Victims.

From the recent reports of the outbreak it would appear that many of the missionaries had returned to their work, probably thinking the danger had passed. It will be noticed that Miss Bosworth refers to Mr. Stewart, who is reported to be one of the victims of the mob. Her father, Rev. Mr. Bosworth, is personally acquainted with a number of the missionaries in that section. The Foo Chow mission is the largest Methodist mission in China and the work in that part of the empire has attained such dimensions that an annual conference is held there.

CHRISTIAN ENDEAVOR RALLY.

The Work of the Boston Convention Was Reviewed Last Evening.

The work done and the ideas advanced at the Boston convention of the Young People's Society of Christian Endeavor was reviewed at the "Endeavor rally" held at the Baptist church last evening, the attendance being very large and the proceedings of exceptional interest. President David Tennant presided, and D. D. Bennett did the singing, while Miss Jennie Spoon presided at the piano. After Dr. M. G. Hodge had invoked the Divine blessing, President Tennant introduced Miss Luella Barlow, who told how the trip was made, in a most excellent paper on the subject "The Journey."

John Harrington told "The Impressions of the Convention" in a very happy vein and was followed by Frank A. Spoon, who outlined "The Cardinal Principles of the Christian Endeavor," in a very interesting manner.

"Christian Living" was discussed by Miss Emma Paulson, who looked at the subject from three standpoints—the individual's own life; the fellowship of Christians; and love to all. Her paper was of rare interest.

Miss Nettie E. Harrington told of "Christian Citizenship," and advanced ideas that were very valuable, and stated with a charming conciseness.

E. May Clark spoke on the subject, "Giving—What?" her paper referring to the missionary work, and making the statement that the Endeavorers could send twenty thousand missionaries by the giving of ten cents a week.

GEN. DOE HAD BORROWED BRAINS

Great Warrior Condescends to Consort With a Lowly Detective.

It has just leaked out that General Doe, who came to Wisconsin with bands playing, and streamers flying, to fix up the difficulties of the mill owners and navigators on the Fox river, had nothing at all to do except make a show. He had employed a detective to precede him in his investigation of the water trouble. While in that vicinity his information regarding the situation astonished all who came in contact with the general, and none who stopped to consider the matter could give any reasonable theory as to where he secured it. He was thoroughly informed on every point of importance before he reached the scene of trouble, and his idea in meeting the mill and lumbermen was not so much to gain information as to hear what they had to say. Who ever thought that the good "gin'ral" would use borrowed brains to make such a display?

THE Y. M. C. A. AUXILIARY ELECTION.

Mrs. Lee Beers is Again Chosen as the President.

The ladies auxiliary of the Y. M. C. A. recognized true worth and efficient work when they re-elected Mrs. Lee Beers as president at the meeting held yesterday afternoon. Mrs. Beers has done much for the cause, a fact which the auxiliary seems to appreciate. The ladies have undertaken the task of furnishing the new building and if those who have anything to do with it will notify Miss DeBaun, secretary, their kindness will be fully appreciated. The officers chosen were:

President—Mrs. Lee Beers.
First Vice President—Mrs. J. T. Wright.
Second Vice President—Mrs. Archie Crawford.
Secretary—Miss Ella DeBaun.
Treasurer—Miss Parnell B. Cario.

TALK FOR MILTON JUNCTION FOLK

People Who Are Entertaining Company and Those Who Are "A Visiting."

Milton Junction, Aug. 6—Frank Geisler of Hartford City, Ind., is in town for a visit with his wife and child, who are spending the summer with her parents, Dr. and Mrs. Oriatte. Our people have all returned from Monaca, and report a good time. "Uncle" Alanson Coon has been quite poorly for a few days past. There are quite a number of residences in town that have been improved by a coat of paint, among those being, John Whitford, Will Sowle, P. Marquart, Mr. Johnson, D. E. Thorpe and W. Gates. Mrs. Vanlose and daughter returned from a several week's visit at Hebron this state on Monday. Mrs. Abbie Hill has gone to Delavan to stay until Wednesday. Philo and Lucina Gilbert have both gone to Stoughton this week to take treatment of Dr. Hyland. Mrs. Hayes, mother of Dennis Hayes has been quite sick with cholera morbus. Dr. Hull is attending her. Messrs. Kelsie of Edgerton visited their nephew Ed Nichols Sunday.

Mrs. Will Sowle is entertaining company from out of town. There will be Children's Day exercises at the S. D. B. church Saturday and a missionary concert in the evening. One of the features is a cantata "The Ten Virgins," by ten young ladies in the society. Mrs. W. B. West has returned home from her eastern trip Monday and Mrs. Hannah Burdick on Friday. They have been absent nearly four months. Harry Jones visited Edgerton relatives last week.

BIG TIME FOR SCOTS AT THE FAIR GROUND

LIBERAL CASH PRIZES INSURE BIG FIELDS.

Jaguaria Will Be Here with Her Sword, and Says She Can Best Any Man That Wears Shoes—The List of Events Set for August 16.

It won't be pipes alone that will set the girls to dancing and the boys to tilting at rings and tossing the caber a week from Friday.

The pipes will be there, mind you. Hoot, mon! What would games be without 'em.

Rock County Caledonians would no more leave them out than C. C. McLean would referee a tug of war without his skein dhu.

Oh, yes, there will be pipes—such pipes as Janesville has never heard—the Royal Scots Pipe band of Chicago, the finest this side of Gourock Point. But there will be substantial inspiration for the dancers and wrestlers and runners, besides. There will be a whole meal bag full of dollars and a long list of prizes, all cash. Janesville business men have made liberal donations, as the programme shows.

Women to Fight With Swords.

Jaguaria, the famous wielder of broadsword and foil, will be one of the principal attractions of the day. She asserts herself to be champion of the world and for five years has been open to challenge. In a letter which she has just sent out she speaks of this being the day of the "new woman" and hopes that she may have a chance to prove that she is still the superior of man. Judging from the picture which accompanies this "new woman's" deft, Jaguaria seems abundantly able to "deliver the goods." She will be met here by Miss Jean Gordon, of Chicago, in a contest of swordsmanship on horse back.

Local Wrestling Match.

Sheriff W. H. Appleby and Dr. E. D. Roberts will wrestle catch as catch can for a purse of \$100, best two in three. There will be tilting at the ring on horse back, reminiscent of the chivalric days, of war tugs between teams from Beloit, Edgerton, Milton Junction, Emerald Grove, jumping, running, hammer throwing, high kicking and a host of other sports. The program follows:

Two hundred yard race, boys under 16 years of age, donated by John Sweeney, Grand Hotel, \$2.00, \$1.50, \$1.00.

Barrel race, 1st prize, donated by Riverside Steam Laundry, 2d prize donated by Cove Vaukir, 3d prize donated by Em. Gleason, \$2.00, \$1.50, \$1.00.

Tug of war, Presbyterian church cadets vs. Christ church cadets, 10 on a side, weight of team not to exceed 1000 pounds, donated by Rock County National Bank, \$5.00.

Throwing the hammer, donated by City Water Works Co., \$2.00, \$1.50, \$1.00.

Hurdle race, 1st prize, donated by First National Bank, \$2.00, \$1.50, \$1.00.

Running high jump, donated by Merchants' & Mechanics' Bank, \$2.00, \$1.50, \$1.00.

Putting 14-pound stone, donated by Bower City Bank, \$2.00, \$1.50, \$1.00.

One mile race around the track, \$5.00, \$3.00, \$2.00.

Tunnings, hep, skip and jump, donated by Bort, Bailey & Co., \$2.00, \$1.50, \$1.00.

Vaulting with pole, donated by City Gas Co., \$2.00, \$1.50, \$1.00.

High kick, 1st prize donated by Leo Meyer of the Bee Hive, 2d and 3d prizes donated by Holmes, "the hustler," \$2.00, \$1.50, \$1.00.

100 yard race, handicap, donated by Fred C. Stilson, \$2.00, \$1.50, \$1.00.

Pick-a-back race, the man running to carry a man 75 yards, change and be carried back by his comrade, donated by the Janesville Machine Co., \$2.00, \$1.50, \$1.00.

Tilting at the ring, each competitor to get three trials, horse to be on a gallop at the rate of 12 miles an hour, donated by Schaller & McKee, \$5.00, \$3.00, \$2.00.

Five mile bicycle race, handicap; 1st prize, gold medal, value \$15, donated by Janesville Street Railway Co., 2d prize, gold medal, value \$12, donated by E. D. Miller, Myers House, 3d prize, silver medal, value \$5, donated by Sheldon Hardware Co.

Tug of war between teams from Beloit, Edgerton, Milton Junction, Johnstown and Emerald Grove, \$12.00, \$8.00.

Dancing By Highland Laddies.

Pipe Major Charleson of the Royal Scots band is looked to for piping and dancing in costume and other dancers will be John Crerar, Alex. McBeth, James Clark, John Spankie.

No liquor will be sold on the grounds and none will be sold at succeeding games.

With fair weather the games on the 16th should break all records. Games begin at one o'clock. Admission only 25 cents. Both railroad companies will give reduced rates within a radius of fifty miles. Everybody come.

267 TELEPHONES IN USE HERE.

Manager Willits Says Janesville Will Soon Be the "Second City."

The new switch board at the telephone office is now completed, and with 267 phones ringing about the city, there is little chance for the "hello girl" to sleep. The new board is not entirely occupied, having room for three hundred more "drops." If the subscription list keeps on filling up, Manager Willits says Janesville will soon make a showing second only to Milwaukee. The most expensive line in the local exchange is the one that goes to the county building, it requiring so much more labor and material.

MADISON DRUGGIST CONVICTED.

Board of Pharmacy Won the First Case Under the New Law.

Secretary Heimstreet, of the state board of pharmacy, and Attorney M. G. Jeffris, went to Madison yesterday and as the result the state has won the first case brought under the pharmacy law passed by the last legislature. Michael Purcell, a clerk in the drug store of A. A. Mayers in that city, was found guilty by a jury of violating that law. A forfeiture of \$50 is imposed for every violation. Purcell, who was an unregistered pharmacist, sold laudanum to a man employed by the state pharmacy board. District Attorney Anderson was assisted in the prosecution by M. G. Jeffris, of this city. C. K. Tenney and F. W. Hall were the defendant's attorneys. The case will probably be appealed.

MILTON GRAIN A GOOD CROP.

Threshers Find a Large Yield—Wells Going Dry—Palmyra Club's Hard Luck.

Milton, Aug. 6—Threshers report the yield of grain to be better than farmers anticipated and the quality good. Fetherston Bros. have begun shipping new grain and have their elevator in good running order. William Oats sold his '91 crop of tobacco Friday to Haviland of Janesville at seven and one-half cent. Superintendent Throne held a teacher's examination here Thursday and Friday. The attendance was not as large as usual but the teachers did good work. H. L. Davy has gone to Pocahontas, Iowa, to visit relatives. Hyran A. Crumb of Whitewater, visited his cousin, Clem W. Crumb, Monday. Frank Clark and his wife, of Chicago, were visitors here Monday. Representatives of the "Chowder Point" club, of bygone days, enjoyed a picnic at Storr's Lake Sunday and ate clam chowder. Major Hamilton, of New York, and ex-Treasurer Burdick were among the guests. It is expected that George W. Aigard, of Oregon, for many years a live stock dealer, will buy stock here this season. Lakes and wells are going dry and the outlook for a period of wetness is not very encouraging.

The Palmyra and Milton clubs met here Monday to play the return game with the former club. Hayne, the Madison Gem's pitcher, was in the box for the visitors, but in the first inning Milton scored four and Palmyra got a goose egg. Graves the catcher, got a red hot foul ball in the neck which knocked him out and then rain delayed the game for half an hour or more. Finally play began again and the new Palmyra catcher, got his head cut open and had to go into the field. Then it was decided to call it a practice game, and Mark Place did the catching. The game ended with the first half of the sixth inning, with the score of 13 to 5 in favor of Milton. Thursday the same club play here again.

Do You Care to Save Money.

And at the same time get the best of values for it. We are handling the Gay buggy, have sold more this season than any other dealer, the reason why because they are the cheapest and the best in the market. They wear well and look well. Don't fail to talk with us on the subject. O. C. Alworth & Co., Transfer Co. Place.

Those Shirts.

At the prices we are quoting in this special summer shirt sale, you can afford to have a change for every other day. A negligee shirt, soft or starched, or a bosom shirt, with collars and cuffs detached, at from 50 cents to \$1.25. Any color. They are very cheap. We have been getting from \$1 to \$2 and \$2.25 for these same goods. The finest of the season. Frank H. Baack.

Poor Doctors.

You would be considered half wit if you went scouring around the country hunting for a cheap doctor. You wouldn't take your horse to some cheap blacksmith the old mare would be lame the rest of her life. Still lots of people are out for cheap shoes. Somebody's wind draws them in Cheap goods are not cheap. You all understand that we guarantee every pair we sell. Brown Bros & Lincoln.

\$30 Road Wagon.

We still make the road wagon \$30, although the price and goods can't last much longer. They are actually the best wagon for the least money, we ever saw. We just about come out even on the sale of them, but want to close them out. F. A. Taylor.

Climbing Up.

Every day shows a handsome gain over the same period of last year. We sell only the most reliable goods, and our prices are the conservation of competitors. Try a pair of our \$2 and \$2.50 shoes, and satisfy yourself as to our claims. Brown Bros & Lincoln.

Our Display.

We expect to have an exhibit at the county fair next month; are getting our stock in readiness, replenishing it with new goods almost daily, and we think our display of vehicles will be about as good as any. Better come down and look over our line of buggies. We take great pleasure in showing goods. F. A. Taylor.

BRIEF BITS OF LOCAL NEWS.

The last excursion to the marvelous Dells of Wisconsin will include Rockford, Beloit and Janesville and will occur on Tuesday, August 15th, leaving Janesville at 7:30 o'clock sharp. Free for the round trip including steamboat round trip through the most beautiful scenery in the western country only two dollars. Do not miss it.

Nor night shirts, but most any other kind of shirts at our special sale and includes summer shirts of all kinds, our entire stock. We don't wish to carry it over, and will give it to you at cost 50 cents to \$1.25 for your pick. Frank H. Baack.

TOMORROW we are going to sell silks at 48 cents per yard worth \$1.00, \$1.25 and \$1.50, our say so in the paper is our do so in the store. Bort, Bailey & Co.

Take a look at those tan oxfords. You can't beat them for \$1.50. We are selling them at \$1.00 Lloyd & Son.

CITY TAX TO REACH \$16.17 ON \$1,000

CLERK BADGER HAS MADE OUT THE FOOTINGS.

Disposition of the License Money Leaves But a Small Part of It Available—The County Got a Share While City Notes Had To Be Paid—Per Capita About the Same.

\$16.17 on the thousand. That will be Janesville's city tax this year and that is the basis on which you will be asked to pay up. City Clerk Badger has been very busy for some time past figuring up the tax rolls and has now completed the work. The levy it will be remembered aggregated \$86,712.50. In addition the money received for saloon license aggregated \$23,000 making the income of the city \$109,712.50 for the year. In this connection however, the distribution of the license money must be explained as the bare figures show more money on hand than is really the case. The total amount collected in payment for the forty-six licenses granted was \$23,000 of which \$2,300 will have to be paid to the county under the law giving the county \$50 on every license sold. This leaves \$20,700. Then there has been paid to the county \$1,370.83 as one-half of the amount due the county for the back licenses upon which the \$50 fee had not been paid. They left a balance \$16,229.17 in the treasury.

City Notes Are Paid.

With such of the money as was available, city notes issued for borrowed money, were paid, aggregating \$8,086.97. This left a balance of \$8,242.20. There are now outstanding city notes aggregating \$4,500 which cannot be paid as that amount is due from funds that did not get the benefit of the license money.

Thus it will be seen that the tax this year is about the same as last, although the figures look much larger. Last year the levy was about \$10,000 less than this year but the money that had to be borrowed in addition made the totals nearly the same. This year the borrowing will be done away with. The levy with the amounts of the various funds is as follows, and by comparison with the levy of last year, shows where the increases are:

	1895	1894
General fund	\$10,500.00	\$10,000.00
School fund	23,000.00	18,000.00
Highway and bridge fund	2,800.00	1,000.00
Gas fund	12,000.00	7,500.00
Fire and water	11,000.00	7,500.00
Debt fund	11,312.50	13,500.00
Library	3,000.00	3,000.00
Judgment	1,200.00	5,400.00
First fund	2,500.00	2,500.00
Second fund	1,000.00	1,000.00
Third fund	3,500.00	3,400.00
Fourth fund	2,500.00	2,500.00
Fifth fund	1,800.00	1,800.00
Total	\$86,712.50	76,800.00

BRADFORD CENTER NEW P. M.

Smithton Is Now the Name of the New Rock County Hamlet.

Emerald Grove, Aug. 6—Bradford Center will henceforth be known as Smithton. The government has established a postoffice there, with a daily mail from Janesville via Emerald Grove and Fairfield. The people in that neighborhood will enjoy the accommodation, and we congratulate them in securing mail accommodations. We trust the young man who comes this way quite frequently for some reason or other, will get so he can turn a horse and carriage about in the street without upsetting himself and one of our fair maidens. The body of John A. Koerner, of Janesville, was interred in our cemetery on Monday. On Sunday evening a private burial took place in the same ground, the body of Eli Burgess, of La Prairie, who died of diphtheria, Sunday morning, being laid to rest. A light shower came our way Monday afternoon, and was gladly received. What we want is about a ten days' rain to slack the earth's thirst. The Scottish games will be attended by a large delegation from here. Samuel Olin and daughter Ivens, of Chicago, are outing in this vicinity for a few weeks. Richard Jones is enjoying a vacation from shop work at Harvard, and is recovering his appetite with the farmers about the Grove. Mr. and Mrs. G. Hammond, Misses Nettie Butler, Laura Smith, Rush Inman and Christian Loventon will attend the bible conference at Poyntne, next week. Gillies & Jones sell best patent flour at \$1.10 per sack.

Memorial to Robert Acheson.

Resolutions signed by William Marsden, W. G. Palmer and F. A. Nelthorpe were adopted by Olive Branch Lodge No. 36, A. O. U. W., over the death of Robert Acheson, as follows:

WHEREAS, death has again invaded our lodge and taken from our midst our beloved brother, Robert Acheson; therefore be it

Resolved, That in his sudden and untimely death our lodge has lost an honored member, his family a kind and indulgent husband and father and the community an upright, honest and faithful citizen.

Resolved, That as a testimonial of respect to our departed brother, the charter be draped in mourning for a period of thirty days.

Resolved, That these resolutions be spread upon the records of our lodge, a copy be presented to the family of the deceased, and copies furnished the city papers for publication.

Too Large.

Our stock of screen doors is still too large, we need the room badly, we can give you screen doors at 75 cents. You can well afford to keep the flies out at that price. Lowell Hdw. Co., Milwaukee St.

IN DESPAIR.

A PEN PICTURE.

Many Women Will Recognize It.

[SPECIAL TO OUR LADY READERS]

"Oh, I am so nervous! No one ever suffered as I do! There isn't a well inch in my whole body! I honestly think my lungs are diseased, my chest pains me so; but I've no cough. I'm so weak at my stomach, and have indigestion horribly. Then I have palpitation, and my heart hurts me. How I am losing flesh! and this headache nearly kills me; and the backache—Heavens! I had hysterics yesterday. There is a weight in the lower part of my bowels, bearing down all the time; and there are pains in my groins and thighs. I can't sleep, walk, or sit. I'm diseased all over. The doctor? Oh! he tells me to keep quiet. Such mockery!

Inflammatory and ulcerative conditions at the neck of the womb can produce all the above symptoms in the same person. In fact, there is hardly a part of the body that can escape those sympathetic pains and aches.

No woman should allow herself to reach such a perfection of misery when there is positively no need of it.

Lydia E. Pinkham's Vegetable Compound acts promptly and thoroughly in such cases; strengthens the muscles of the womb, heals all inflammation, and restores that unruly organ to its normal condition. Druggists are selling carloads of it. Mrs. Pinkham, at Lynn, Mass., will gladly and freely answer all letters asking for advice.

Mrs. E. Bishop, 787 Halsey Street, Brooklyn, N.Y., suffered all the above described horrors. Now she is well. Lydia E. Pinkham's Vegetable Compound cured her. Write her about it.

WOOL! WOOL!

Made a Difference.
Mr. Waggle—Look here! What in the world do you mean by getting yourself a bloomer bicycle costume? Do you think I would allow you to go out on the street dressed like that?
Mrs. Waggle—Why, I heard you say only yesterday that you hadn't seen anything prettier this summer than the girl who passed the car with bloomers on.
Mr. Waggle—Oh, well, that's different. She wasn't related to me in any way.—Somerville Journal.

He Found Time Probably.
Dr. Bowles—In the first place you want to take six or seven meals a day—light ones, you know—instead of eating only three times.
Mudge—That is going to be an awful lot of bother.
"And take a glass of whisky, straight, before each meal."
"I guess I can find time to attend to it, somehow."—Indianapolis Journal.

Only a Guess.

A Perfect Disguise.
"Many of our seeming woes," said the man who was trying to cheer up another, "are really only blessings in disguise, you know."
"That may be all right sometimes," replied the other, gloomily, "but there's no use in having the disguise too blamed perfect."—Chicago Evening Post.

He Took It with Him.
Scene—A chemist's shop in Holborn. To the assistant enters an Irishman. He points to a pile of soap.
Assistant—Well?
Customer—I want a lump of that.
Assistant—Thank you. Will you have it scented or unscented?
Customer—I'll take it wid me.—Pearson's Weekly.

A Cranky Patient.
Doctor (to patient)—I do not wish to frighten you. If you have no objections, I would like to call in a couple of my brother doctors.
Irascible Patient—All right! If you need any assistants in murdering me, call in your accomplices.—Texas Siftings.

Selfish.
"Jones is about the most selfish man in town."
"How can you say that? I saw him buying ten-cent cigars for you the other day."
"Yes; he bought three for a quarter, put two in his pocket and gave me the odd five-cent one."—N. Y. Recorder.

A Serial Story.
"The human windpipe is a sort of serial story," remarked the snake editor.
"How do you make that out?" asked the horse editor.
"It is continued in our necks."—Pittsburgh Chronicle-Telegraph.

To Write Upon the Sea of Agony
Is what people troubled with rheumatic symptoms can fairly expect, if they take no efficient means to check the rapidly growing malady which it should never be forgotten, has a tendency to attack the heart and terminate life. The testimony, public and professional, is overwhelmingly convincing and concur that Hostett's Stomach Bitters is both a sovereign preventive and curative of rheumatism. It completely expurgates from the blood the acid principle which, attacking the tissues surrounding the joints and muscles, causes such exquisite pain. The Bitters promotes the action of the kidneys, bladder, stomach and bowels, and remedies malaria, nervousness and debility. It also induces appetite and sound repose, hastens convalescence after exhausting maladies and mitigates the infirmities of age. Take it daily at regular intervals, and confidently expect the best of results.

He (pitifully) — And you say you have a past? I am sorry. How did it happen?

NUMBERING OF HOUSES.

Berlin Began It Just One Hundred Years Ago.

At present there is some talk in Berlin of celebrating a somewhat singular centenary—that of the origin of the numbering of houses. According to a German contemporary this convenient method of indication was quite unknown, even in London or Paris, until a century ago. In 1875 the practice of numbering private houses was begun in Berlin. The method employed, however, was then exceedingly imperfect. The Brandenburg Gate was taken as the point of departure, and the numbers went on successively throughout the whole town, without any distinction as regards streets. Even to-day the system of numbering generally employed in the German capital leaves much to be desired, as the numbers run consecutively up one side of the street and back again on the other. Vienna claims the honor of having inaugurated in 1803 the method of placing the odd numbers on one side of the street and the even ones on the other.

House of Hapsburg.
There is a curious custom among the daughters of the House of Hapsburg, whose bridal trains, instead of finishing an honorable career in the ballroom, are bestowed after the ceremony on the church whose sacred floor they have swept. Only a short time ago, during the centenary celebration at Rennweg, the altar floor was covered with a sheen of satin and silver, mellowed by the breath of age, that had once formed part of Marie Antoinette's wedding garment.

A Teachers Institute.
Will be held in the high school building in the city of Edgerton, commencing September 2, and continuing one week. Prof. A. J. Hutton of Watseka Normal school, and Prof. Frank M. Jack of Milwaukee, will conduct the institute. On the evening of September 3, President Salisbury will deliver a lecture. Both institute and lecture will be free for all to see and to hear.

Public Teachers' Examinations will be held at Janesville, August 8th, 9th and 10th; Evansville, August 16th and 17th; Skinner School House in Newark, August 23rd and 24th; Edgerton, August 30th and 31st and at Footville, November 1st and 2d.

In compliance with law a fee of one dollar will be collected from each applicant for a certificate before the examination begins. Respectfully,
Wm M. Ross, County Supt.

STEERAGE AS AN INDEX.

Nobody scents good times in the United States sooner than the immigrants. The enforced liquidation of 1893 was quickly understood abroad and the results were immediately apparent. The immigration in May, 1893, was 73,066 persons. From that month it went down in a regular diminuendo scale until it reached 5,578 in the succeeding January. With the exception of May, which represents the swell of the annual immigration tide and during which in 1894 there was an influx of 26,681 people, and June, when 22,862 entered, the various months recorded additions varying from 6,076 to 16,403, although the average is in the neighborhood of 11,000.

With the present spring and the improved outlook there came a change. In the four months beginning with March 30,000 more immigrants arrived than during the same period of 1893. This return movement is made up largely of those who expatriated themselves during the previous two years. According to the commissioner of immigration, they amounted to 27,112, or nearly 15,000 more than returned in 1893. There is another interesting item in this balance sheet. In April, out of a total of 28,000 steerage passengers, 8,125 were going to immediate relatives, in May this was true of 12,475 immigrants out of 34,648, and in June 9,394 out of 24,835. Thus it can be seen that in addition to the normal alien immigration former citizens are returning and thousands are coming to join relatives in this country. This last fact proves that there is a return of prosperity to the middle classes in this country, for it is during the periods of profit that they send for or urge relatives to join them and share in their good fortune.

DANGER TO YOUNG CYCLERS.

Sir Benjamin Ward Richardson, who recommends bicycling for his patients as one of the most healthful forms of exercise, contributes an article to the North American Review in which he points out the danger of the sport.

These dangers arise wholly from the overstrain of excessive riding. And for this reason he dwells especially on the danger of teaching the practice to subjects who are too young. "Cycling," he says, "should not be carried out with any ardor while the body is undergoing its development." The cartilaginous structures have to be transformed into true osseous structures before the body is perfected. If pushed into too rapid growth it may easily cause a deformity. The spine especially is apt to be injured by too early riding. But it is the heart that is principally exercised in cycling, and one bad effect of too much riding by boys and girls is an undue enlargement of the heart.

Now that cycling is becoming a nearly universal rage, these admonitions of an eminent physician who believes in the healthful effects of a moderate and judicious use of the wheel are very timely.

TURKEY MUST STOP

Turkey should have been told long ago that Armenia's government would be taken out of her hands unless she protected the lives of her subjects. Far too much time has been wasted in formalities. The Turk should not be allowed to indulge in his favorite luxury of butchering christians if he can possibly be prevented. Mahomet laid the foundation of his cult and established his power by the sword, but the most powerful living subscriber to his faith, the sultan should be taught that the kind of sword exercise he has been in the habit of practicing upon his christian subjects is an anachronism that nineteenth century sentiment will not tolerate.

American trade means a great deal to Europe in many ways. The west end shops in London say the renewed

tourist trade from America this year comes just in time to save them from bankruptcy. The revival in business came just in time to save the tourist travel.

Two Milwaukee papers want a national convention there and two papers don't. Such perfect harmony makes Milwaukee's success very probable.

Republicans have very little time for "bosses." They have turned down two this year and are after another one in Pennsylvania.

Clinton has lost heavily by her diphtheria scare and it all might have been avoided had local doctors worked in harmony.

"F. R. M."

We understand that the American Advertising & Publication Co. of Elgin, Ill., is putting its free greading matter system in vogue in this city. This system comes highly endorsed by leading merchants of Elgin and surrounding towns, and its contracts with Beloit merchants have just been signed.

By this system the merchant gets a new cash trade, and his customer, upon paying cash at the time of purchase, is credited toward a year's free subscription to any newspaper or other periodical selected. A. L. Switzer, the local manager, has moved his family here and will soon open an office to transact the business. Also canvassers will leave at the houses neat books which have this free reading privilege intact and everyone ought to take advantage of this great boon to get their papers, etc., free.

Hearing in Omaha Police Board Case. Omaha, Neb., Aug. 7.—At 2 o'clock yesterday afternoon the preliminary hearing upon the question of granting a temporary injunction against the new fire and police commission was set for hearing before Judge Hopewell. Since the granting of the temporary restraining order by Judge Hopewell, Aug. 2, the legal points at issue, as tendered in the injunction suit brought by the old board, have sifted themselves down to a few propositions, which are made clear in an amended petition presented to the court for Mayor Bemis and Commissioners Brown and Beaver. It was the suit of these representatives of the fire and police board against the new board, which was set for hearing. Both sides are represented by able counsel. The decision will be rendered today.

Gladstone Speaks for Armenia.

Chester, Aug. 7.—Speaking at the town hall yesterday Mr. Gladstone said the Armenian question was not a party matter or a religious affair. Continuing, he said: "We are sensible as to what is due our honor. We must interpose to demand no more than what is justice. But we must demand as much as is necessary, and determine that this be accomplished, whether it is met with resistance or not."

Ravages by Yellow Fever.

Havana, Aug. 7.—Of 500 Spanish soldiers sent to garrison the town of Santa Cruz, Cuba, 100 have died of yellow fever and their physician is among the dead. The fever is increasing rapidly among the Spanish soldiery, but every effort is being made by the military authorities to prevent the giving out of information.

Richmond, Va., Aug. 7.—Judge Goff in the South Carolina registration case dismissed the complainant's bill for an injunction. This decision upholds the present registration law.

WREATHED WITH FLOWERS.

Germany Celebrates Anniversary of the Battles of Spichern and Woerth. Berlin, Aug. 7.—The anniversary of the battles of Spichern and Woerth were generally celebrated throughout Germany yesterday with parades of garrisons of all the large cities. The Grand Duke of Saxe-Weimar-Eisenach, attended by a number of princely personages, deposited a laurel wreath in the warrior's monument at Weimar in the presence of a large concourse of people. The imperial princes, who are staying at Wilhelmshohe, witnessed the parade of the Casel garrison from the balcony of the castle. In all instances the guns and flags of the troops were wreathed with flowers.

Two Ships Thought to be Lost.

San Francisco, Cal., Aug. 7.—The bark Florence sailed from Newcastle Jan. 26 of this year and has not been heard from since. The supposition is that she has foundered or gone ashore on the South American coast. The ship Stoneleigh sailed from Melbourne Feb. 27, and therefore is now out 159 days. The British ship Dunsyre, which recently arrived in London from Melbourne, reported having spoken the vessel March 1. March 5 the Dunsyre encountered a terrific storm in which she lost sight of the Stoneleigh, and the next day she passed through a lot of wreckage. The general belief is that the ship went down in the storm and that all hands perished.

ROOM IN A HOSPITAL FOR THE CITY'S USE

DR. PALMER CONSIDERING A NEW PROPOSITION.

Emergency Ward at a Yearly Rental of Two Hundred Dollars—Brakeman Hurt on the C. M. & St. P.—Pythians Go to Evansville This Evening—Local Brevities.

It is intimated that in case the Oak lawn hospital association does not make arrangements to reopen Dr. V. H. Palmer will offer the city the use of one or two rooms in the Palmer memorial hospital for use in emergency cases, the rooms to be at the command of the authorities all the time. It is said that the rent the city will be asked to pay will be about \$200. The matter has been discussed informally with aldermen but no formal proposition will be made to the council until Oak lawn plans are settled.

A CARRYALL load of Knights of Pythias left Janesville at 3 o'clock this afternoon for Evansville, where they will exemplify the work of the order. MANY ARE HUSTLING FOR RIVER PEARLS

MONTEREY "TREASURE BED" THOROUGHLY SEARCHED.

No More Valuable Gems Have Been Found So Far—R. H. Whiteside Says That It Is a Waste of Time To Open Any Shells Except Those of the Old Moss-Backed Clams.

When Olaf Anderson fished a \$20 pearl out of the river near the lower cotton mill, he filled Monterey with envy. Men in rubber boots, men with their trousers rolled up, and men who did not even go to the trouble of rolling up their trousers, can be seen in squads poking about the muddy bottom of the river ever since. Fully a dozen were at work last evening, but no pearls of any value were found. Several of the men found clams in which were small pearls, or "slugs" as the irregularly shaped gems are called, but none were perfect in shape. However, some of the small ones were regular enough in shape so they could be used, although they were not of the first water, and hardly large enough to be worth more than a quarter each.

R. H. Whiteside, the traveling salesman, who makes his home on Washington street, visited the scene yesterday.

Old Clams the Sort to Open.

"I did not go down to hunt for pearls," he said this morning, "but when I reached the place I did a little idle poking about. I found several small pearls, but none of them of any particular value. I think that plenty of pearls can be found in that vicinity, but the people do not understand the business. It is the old clams that furnish the pearls. When you see a healthy clam, one of the kind that will throw the water about, you waste any time you spend in opening the shell. There will be no pearl in that clam, or at least, but a small, imperfect one. When you strike an old timer, one with moss on his back, and about ready to die cut him open. That is the kind that furnishes the perfect gems. The pearls do not form rapidly and I presume that these little ones that I have are fifteen years old at least. The best place to look for them ought to be the old raceway near the lower mill. Clams that were there would hardly get out so I imagine that a lot of old ones will be found."

HINBERT WILKES WON HIS RACE.

Janesville Pacer Cut His Record at Waukesha Yesterday—Horse Gossip

It was a good Janesville combination that the 2:24 piers had to meet at Waukesha and as usual Janesville was the winner. The combination was Porter & Soverhill's good pacer Hinbert Wilkes with James Scott the clever Bower City driver in the sulky. There was nothing in the race that could compete with the Janesville arrival at all and Scott sent the horse in 2:22 cutting his record several seconds. Hinbert Wilkes is a chestnut gelding by Hinder Wilkes dam Eggbert. He was bought by Soverhill & Porter when a colt, and has been "made" by Mr. Scott who is called an exceptionally fine reinsman. He had good company at Waukesha as the following summary will show.

2:24 class, paces, purse \$400.

Abnet, the sensational three-year-old owned by Henry Cheesman, of Clinton, and campaigned by "Joe" Bassett, won the 2:30 class trotting purse at Terre Haute yesterday morning in 2:18 1/2.

Joe Wonder, the Bonnie Richards trotter who was campaigned by W. H. Johnson, of Evansville, won the 2:16 trotting class purse at Lincoln, Neb., yesterday, and only had to step in 2:21 to do it.

FAIR CYCLERS IN A GUTTER.

Muddy Tumble For a Pair of Bower City Riders Last Evening.

Two young ladies and two youths met with an accident while wheeling past the corner of Milton and Prospect avenues last evening. The ladies were thrown head long into the ditch, covered with mud and somewhat bruised.

"But that wasn't a circumstance to the way those two men stood around like dummies and not even offered a helping hand," said one of the mud spotted unfortunates.

HIELD'S FOX HAS A BROKEN LEG

Prize Gopher Catcher of the Fair Grounds Is in Bad Shape.

The pet fox which is kept about Joseph Hield's training stable at the fair ground, is laid up as the result of an accident whereby it sustained a broken leg. During its confinement the fox is anything but friendly, for they cannot get near him to "splint" the broken bone, and a local doctor said to let the foot alone and the fractured bone would gradually grow together again.

CYCLERS TO DANCE AUGUST 29

Arrow Club Will Open The Race Meet With A Ball.

The state circuit bicycle race meeting August 29 and 30 will be opened with a grand ball, this decision being reached at the regular monthly meeting of the Arrow Cycling club held last evening. The arrangements were placed in the hands of a committee of five as follows: Frank I. Sanner, E. J. O. Smith, J. D. Holmes, W. W. Watt and Dr. E. J. Hart.

SIDEWALKS IN POOR CONDITION

Damage Suits More Than Probable If A Reform Is Not Instituted.

Sidewalks around town are in bad shape, and the city is apt to wake up some morning with a damage suit on hand. While a First ward woman was returning from the Boys' Brigade social last evening a loose board in a Fourth avenue sidewalk threw her to the ground, bruising her badly. Investigation showed the sidewalk to be in a rotten condition throughout.

YOUNG MEN PAWN THEIR CLOTHES

Run of Bad Luck Makes Business For Second Hand Stores.

A local dealer in second hand goods said this morning, that there were a number of young men in the city who had purchased new summer suits before they had a run of bad luck. "There they hang," he said, as he pointed to three suits which were displayed upon the wall. The goods bore the mark of local tailors, and had been worn but a short time.

CYCLERS A BIG HELP TO HOTELS.

Traveling Wheelmen Leave Much Money In Local Hostleries.

"You have no idea what a volume of trade comes from the traveling cyclists," remarked a prominent hotel man this morning. It is plainly to be seen that the hotel man spoke the truth for there is hardly a day but what many wheelmen are coming and going either stopping for their dinner or over night in Janesville.

GOOD CROWD AT THE BIG PICNIC.

Many People Spent the Day With The Concordia Society.

A crowd of five hundred people attended the annual picnic of the Concordia society at Mayflower park yesterday afternoon and all of them had a most enjoyable time. The Imperial band furnished music during the day, while Smith's orchestra played for the dancers in the evening.

MR. GOODRICH AFTER HIS CLIENT'S CASH

HAD TO PAY THE COSTS FOR MRS. HINES.

When He Heard That She Had Secured a Judgment Against Her Former Husband, He Came Down with a Garnishee, But the Scores Had All Been Paid Up.

Ezra Goodrich came down from Milton this morning with blood in his eye, but up to last accounts he had not yet secured the scalp he was after. Some time ago, as the story goes, Mrs. Hines of this city, sued her husband for a divorce and got it, Attorney T. S. Nolan conducting her case. The next move was Mrs. Hines suing Attorney Nolan on the ground it is said, that his charge was excessive. Mr. Goodrich conducted the case for Mrs. Hines, and the suit was tried at Milton. Attorney Nolan won the case, he showing that his charge was not excessive. There it rested. Mrs. Hines could not or at least did not pay the costs and Mr. Goodrich had to settle, the sum being about \$30. When he heard that Mrs. Hines had just received somewhere near that amount from Hines in the case tried yesterday, he came to Janesville yesterday and garnished Hines to recover the sum. Hines, however, had paid the score and therefore owed Mrs. Hines nothing. This was also true of Attorney Wilson Lane, who conducted Mr. Hines' case, so Mr. Goodrich was apparently left out in the cold.

IN RESPONSE TO THE FINAL CALL.

John Radican.

John Radican, aged sixty-seven years, died at 11 o'clock this morning at the home of his son, 54 Jefferson street. Mr. Radican had been in feeble health for several months, but was only confined to his bed for a few days. He was a resident of the city for forty-one years. One son, Thomas, survives him. The funeral will be held Friday, at 9 a. m., from St. Patrick's church.

Young.

The three months' old son of Mr. and Mrs. Gordon Young, of the town of Rock, died at midnight last night, and the funeral will be held from the home tomorrow afternoon. The interment will be made at the town of Rock cemetery.

Slater.

The funeral of the infant son of Mr. and Mrs. George P. Slater, was held from the home, 108 Sarah street, at 3 o'clock this afternoon, Rev. A. Porter officiating. The interment was made at Oak Hill.

Bridget Cummings.

The funeral of little Bridget Cummings was held from the home 307 Wall street at two o'clock this afternoon and the remains were taken to Delavan for interment.

'ALL SOULS' The Peoples Church.

A FREE CHURCH FOR A FREE PEOPLE What Do We Mean By "A FREE CHURCH"?

We mean an open, voluntary and common association of independent men and women.

We mean a church which does not assume to have authority over the soul.

We mean a church which acts on the principle that the soul alone is supreme.

We mean a church without formulated creeds and organized priesthoods.

We mean a church which does not seek to enforce ecclesiastical regulations or to establish a system of theology; BUT WHICH SEEKS ONLY THE SPIRITUAL GROWTH OF MAN.

—THE—

TOILET ITEMS.

How to Care For the Hair and Complexion.

Persons having damp, clinging hair ought never to treat it with oil or pomade of any sort. These are suitable only to light, dry, fluffy locks. Greasy hair needs to be washed moderately often with warm water and fine soap or a little ammonia. Sea water causes the hair to fall out, although the loss of hair from this cause is not, as a rule, permanent. It is not necessary to wet the head in ocean bathing unless one swims, dives and floats, and in that case the hair may be rinsed in fresh water as soon as the bather emerges from the sea. There is nothing which so reconciles a woman to the idea of short hair as an indulgence in out of door sports, for all violent physical exertion is sure to loosen every hair-pin from its moorings and throw the most carefully arranged locks into wild confusion.

YOUNG GIRL'S COSTUME.

It is said that cucumbers crushed in alcohol form an excellent wash for the complexion. The mixture is put in a glass bottle and exposed to the sun for several days, hermetically sealed. It is then strained and bottled for use.

Castor oil is considered by authorities an excellent hair tonic, and is also stated to be good for the complexion.

Although light or brilliant colors prevail in warm weather dresses, a few are seen in which the skirt and sleeves are of black or dark goods while the bodice is of white lace over a delicately tinted silk lining. Sheer gowns entirely accordin plaited continue to be fashionable and are usually emphasized by a belt and bows of a sharply contrasting color.

The costume shown in the sketch consists of a godet skirt of bias plaid taffeta having a white ground with gray and red bars and a bodice of red foulard dotted with black. A large collar of black silk gauze covers the shoulders and falls in coquilles to the waist in front on either side of a broad plait. The balloon sleeves end at the elbow and are finished with gauze ruffles to match the collar. The sailor hat of black straw is adorned with red and black glaze ribbon.

SUMMER MODES.

Utility of Leghorn and Tuscan Hats—The Popular Brilliant Colors.

Fashion has exhausted her summer bill of fare and is now resting and saving further effort for the autumn and winter menu. There are no novelties, and this is a decidedly slack time. Women have bought their warm weather wardrobe, and it is not yet time to prepare one for cold weather, and fashion news is mainly a repetition of what has already been announced.

Leghorn and Tuscan hats are liked for country wear. They seldom go completely out of fashion, and as they are soft and

SEASIDE TOILET.

flexible and easily twisted into whatever shape chances to be in vogue there is every reason for their continuous popularity.

Fashionable as brilliant colors are this season and bizarre as have been their combinations, black and white has held its own and has been seen in great abundance. This coupling of tones is universally becoming, provided that the proper proportion is observed according to the individual case. Blonds and brunettes are equally at home in magpie costumes, which set off a white skin, give delicacy to a rosy one and make a dark complexion appear more delicate.

Elaboration continues to expend itself on the bodice, leaving the skirt comparatively plain, a style that is always convenient and becoming. The skirt must be beautifully cut and hung, but after those requisites are secured it may be let severely alone. If trimming is desired, strapped seams, flat quills and panels, bands of embroidery or insertion or simple rows of stitching are employed, but no drapery of any kind worthy the name. How long this delightful state of things will continue it is impossible to predict, but the longer the better.

The sketch shows a gown of brown and white shepherd's plaid. The godet skirt has a bias band of white cloth near the foot. The blouse bodice is trimmed with two straps of white cloth, fastened with steel buttons. The turned over collar, the belt and the straps adorning the cuff of the gigot sleeves are also of white cloth. The wide middle plait of the bodice is decorated with steel buttons.

JUDIC CHOLLET.

To Remove Paint From Clothing.

You can remove paint from clothing better with chloroform than by other means, but benzine will also do. The chloroform is not inflammable and may be used at night. Benzine should only be employed during daylight and away from any fire or open light, as it is extremely dangerous when exposed to flame. Soak the spot through the fabric and rub gently over a piece of blotting paper or white cloth, using a white fabric as the rubber. Turpentine will take paint out, but it is apt to spread around the edge of the stain, which chloroform does not do. Use plenty of the liquid and dry in the sun.

Excursion to the Dells.

The last excursion of the season to the beautiful Dells of Wisconsin; an opportunity to visit the marvellous Dells of the Wisconsin is offered for Thursday, August 15. It seems hardly necessary to repeat what has been said in praise of this famous resort. However, we will say that its scenery is unequalled in the western country, and none should miss a chance to see it. This excursion will be limited to 400 people, and includes only Rockford, Beloit and Janesville. The fare for the round trip, including the steamer trip, is only \$2. Trains will leave the Chicago, Milwaukee & St. Paul railway depot, at 7:30 a. m. It will leave Kilbourn at 6:30 p. m. for home. Time will be allowed for supper at Kilbourn from 5:30 p. m. to 6:30 p. m. Every detail will be carried out on time.

THERE is no doubt, no failure when you take DeWitt's Colic & Cholera Cure. It is pleasant, cures promptly. No bad after effects. C. D. Stevens.
